Colloqvutores

PHILOGYNES, MISOGAMVS, PALÆMON.

PHIL. DIc mihi MISOGAME, ut patrijs depulſus ab oris
Hæc in rura venis? Animo ſententia ſurgit
Qvænam, dum campos virides & florida prata,
Fœcundosq; agros & pingvia paſcua linqvis?
MIS. Huc me per varias adigit Fortuna procellas
Inconſtans, vento ſimilis malefidaq; cunctis:
Ac veluti vaſto nantes in gurgite Claſſes,
Qvùm validi volvunt venti mare magnaq; ſurgunt
Æqvora, diſperſæ cæcis verſantur in undis:
Havd ſecus ignotis Paſtorum in finibus ipſe
Paſſibus ambiguis infelicıſſimus erro.
PHIL. Ebria Fortuna eſt, titubat, nec ſemper eodem
Perſiſtit greſſu, rapidisq; fugacior undis.
MIS. Neſcio qvæ mihi luxerunt infavſta recenter
Sydera naſcenti, (lachrymæ teſtantur idipſum)
Duxi eqvidem totam qvi extrema per omnia vitam.
PHIL. Afflictis ſuperi melius confidere rebus
Nos docuêre Dij, tandem & ſperare ſalutem:
Huic ſuccede Caſæ, Solis dum præterit æſtus,
Pabula dum pecudes armentaq; læta remandunt,
Cantemusq; aliqvid, (namq; otia damnat APOLLO.)
MIS. Incipe, pellantur curæ, tu namq; paratus
Cantare eſſe ſoles, lepidos & dicere verſus:

Non

Non te, etſi certet, poterit ſuperare canendo
ORPHEVS, ſi certes, dicat ſe carmine victum:
Paſcua nec melius cecinit te, & triſtia bella
TITYRVS, ardebat qvem tantúm magnus ALEXIS.
TITYRVS, ardebat qvem tantùm magnus ALEXIS PHIL.
Paſcua, Rura, Duces dixit qvondam ſimul, at nunc
Fœmineas tenui modulabor arundine lavdes.
Antè tamen, ſiqvidem in gelidâ reqvieſcimus umbrâ
Dic mihi, (triſtitiam facies namq́; arguit ipſa)
Dic mihi qvid mœſtas volvis ſub pectore curas?
Ne pudeat ſocio mentis te aperire receſſus.
Si vacet annales omnes memorare dolorum MIS.
Antè diem veſper clavdet: Cognoſcere caſus
Sed ſi tantus amor noſtros, tibi pavcula dictis
Expediam è multis, prohibent nam cætera curæ.
Paſtor erat MELIBOEVS, oves (pervenit ad avres
Si nomen MELIBOEI unqvam) paſcebat & agnos,
Dives opum, pecudum, nivei & qvàm lactis abundans:
Hujus ego viduam, qvam poſt ſua fata reliqvit,
Scilicet ab demens ſtricto mihi fœdere junxi.
Idem animo mihi ſat dudum fixumq́; ſedebat, PHIL.
Qvod nuper nexu complevi ſpontè jugali,
* Ter qvinos natam, credo, vel circiter annos
Selectam jungens magno mihi amore LYCORIN,
Lavtaq́; concelebrans veteri convivia ritu:
Conduxi interea * ſeptem mercede miniſtros,

Fortes * bis ſenos (cernis nam tergora) tavros
De grege * ter totidem pingves lectasq́; bidentes
Mactavi, * centumq́; cados reſerare fluentes
Pavlatim mihi cura fuit, ſed grata, Lyæo:
PAN ovium cuſtos, unci monſtrator aratri
SYLVANVS, vigiles aderant pecorumq́; Magiſtri:
Et VENVS Ignipotens, cui vincla jugalia curæ,
Et Dryades, Muſæ ſylveſtres, cumq́; NEÆRA
THESTYLIS, ac Nymphæ nemorum florumq́; decentes:
Pocula ſiccabant læto ſpumantia Baccho,
*Sex qvoq́; condebant grato certamine Soles,
Et * totidem vario noctes ſermone trahebant.

MIS. Te qvoq́;, qvem ſapere & ſemper Paſtoribus ajunt
Præferri multis, furor & dementia vexant?

PHIL. Tute videre mihi raptus de cardine mentis,
Qvi tua commemoras coràm connubia primus.

MIS. At fateor, non Vxorem, ſed divitis avri
Pondera qvæſivi, cavlas & dote refertas,
Fœmineum exoſus ſexum faculasq́; jugales.

PHIL. Jactatur dictum, VENERIS qvod limine pictum
Templi, ſervatu ſemper dignumq́; relatu:
Si propter cavlam, mulierem ducis, & avlam,
Principium facti ploras, & pœnitet acti
Ante annum, lethum cupis, & faciet tibi fletum:
Qvod tibi continget, niſi me ſententia fallit.

MIS. Non mihi continget, nam contigit omne qvod infers:
Aſpice detraxit manibus barbam iſta comantem,
Vngvibus & vultus laceravit lumina ut uncis;

Nec non fortè aderunt, qvùm te tua fata vocârint
